

?I am appalled by Sinclair Broadcasting?s plan to air a one-sided program??Stolen Honor.? I understand this is to be done two weeks before the election?a clear example of disservice to the public.

We need to force TV and radio stations to serve the public interest, not promote their own interests. We need for TV and radio stations to show how they serve the public in order to get their licenses renewed.

This planned action by Sinclair Broadcasting demonstrates the pernicious effect of media consolidation.
